DAYS OF DIZZINESS

Come to Hundreds of Norway People

There are days of dizziness;
Spells of headache, languor, backache;
Sometimes rheumatic pains;
Often urinary disorders.

Doan's Pills are especially for kidney ills.

Endorsed in Norway by grateful friends and neighbors.

Ask your neighbor.

Mrs. W. J. Olmstead, 95 Main St., Norway, says: "My kidneys began to give me trouble as they were weak. My back ached so badly I could hardly get through with my housework and everything I undertook to do seemed a drag. I was dizzy and could see star-like spots before my eyes. My feet and ankles swelled. I read about Doan's Pills, and I had finished taking them, I felt as well as ever. The backache ceased and my kidneys became regulated. I have told a number of people about Doan's."

(Political Advertising)

To the Voters of Oxford County:

We believe that every citizen should place the welfare of the State of Maine above the welfare of either the Democratic or Republican party. It is the duty of every citizen to decide which man would make the better Governor of Maine and then vote for that MAN rather than for any party name.

A great many Republicans have openly stated that they will vote for Mr. Pattangall because they feel he will make the better Governor.

Mr. Pattangall is one of the foremost lawyers of the state. He has twice been Attorney-General of Maine. He is a member of the Unitarian Church. He believes in a rigid plan of economy in the expenditure of state money. He stands for the development of the water powers of the state by private capital under state control for use within the state. He has the courage to tell the Ku-Klux Klan that he is opposed to the domination by any secret society of the politics of our state.

We ask the support of all citizens regardless of party for William R. Pattangall for Governor.

We ask the united support of all citizens of Oxford County for Bertrand G. McIntire for Representative to Congress. We should feel a pleasure in helping so able and conservative a fellow citizen to success. His success or failure to the election depends on what support we give him in Oxford County. He deserves your support

Field Day at Cushman Farm
August 30, Geo. Cushman and wife, assisted by Mr. and Mrs. H. H. Cushman, gave Franklin Grange and friends one of the most successful Field Days ever held.

The day was ideal and during the early hours of the forenoon, automobiles, all of carriages were winding their way up through the beautiful valley and hill that leads to the Cushman farm.

The farm of H. H. Cushman & Son is considered one of the best in Woodstock and is in a high state of cultivation.

From the comfortable farm homes there is a wonderful view of the Oxford hills with the White Mts. in the distance, and no more beautiful spot could be found for an outing of this kind.

That the Cushmans are right royal entertainers everyone present can testify. Welcome was at every hand from the sign on the barn door to every little detail connected with the event, and everyone present could not help but feel the warmth and sincerity of their hosts and hostesses.

At the noon hour lunch baskets were opened, coffee provided, and food and drink were served in the big new garage which had been decorated. Music was furnished by Walter Knight, violin; Mrs. Chas. Harris, piano; Ellis Davis, drums and traps. There was also a ball game which resulted in the score of 7-0.

Fully 200 people were present, and thirty cars being counted. It was well along in the evening before all the guests departed, voting it one of the most enjoyable field days ever attended.

It is interesting to note that exactly 23 years ago on August 31, a Grange Field Day was held at this farm. According to the article in the Advertiser at that time, there were counted 115 horses, 25 bicycles and nearly 500 people. Times have changed since then, but the success of the Field with the Cushmans was the same.

Too Much Pocket Money

Said a young business man: "I used to spend too much, largely because I always had currency in my pocket. And I took a chance on pickpockets and hold-up men. Today most of my funds are in a checking account. I rarely have more than a few dollars in my pocket."

Do you carry too much cash? Come in for a check book.

Lydia E. Pinkham's Vegetable Compound Made Mrs. Dube Well and Strong

E. Hartford, Conn.—"After a severe sickness I was so weak that I could not do my housework, so my mother told me to take Lydia E. Pinkham's Vegetable Compound. The first bottle helped me so much that I took six more bottles and felt fine. I have just given birth to a nice baby girl and am feeling strong and well. So different from the way I felt before. I am taking the Vegetable Compound right along while nursing. The baby seems to be in good health, and my friends say they see a big change for the better in me."—Mrs. EUGENE DUBE, 59 Woodbridge Street, East Hartford, Connecticut.

The Vegetable Compound is a splendid medicine to bring back health and strength. Many mothers have found this true, as did Mrs. Dube. Ask some of your neighbors and friends, for there are women everywhere who know by experience the value of Lydia E. Pinkham's Vegetable Compound.

Miss Mary E. Beal

On Monday afternoon, Sept. 1, at 2:15 o'clock, Miss Mary E. Beal, one of Bangor's most beloved and respected residents passed away peacefully after a short illness. Miss Beal's passing will strike a sad note in the hearts of the hundreds of men and women, both young and old, whom she piloted through strenuous days of striving toward the time when they should be fitted to step forth in the business world. Each student was to her, an opportunity for expressing that inherent love for uplift and encouragement which so endeared her memory to her students that in after years they yet returned to express gratification for the full measure of her service to them.

Miss Mary E. Beal was born in Norway, May 15, 1858. She was the daughter of Daniel Webster and Helen A. (Palmer) Beal. From the days of her youth Miss Beal displayed the remarkable qualities for grasping the principals of mathematics and general business practices which she afterward taught. After graduating from Norway High School she engaged in newspaper work in Norway and Lewiston until the high quality of her work attracted the attention of the late Chief Justice Albert R. Savage of the Maine Supreme Court, with whom she remained as private secretary for several years. The field of teaching then saw her as principal of the stenographic department of the Bangor Business College. The name of this school was later changed to the Beal Business College and from the time of its inception up to her retirement, leaving the reins in the hands of her nephew, Harold S. Webb, two years ago, she taught with very little vacation.

She leaves to mourn their loss, besides her sister, Anna Beal Webb, two nephews, Maurice Beal Webb and Harold S. Webb. Funeral services were held at the First Universalist Church in Bangor at 2 o'clock Tuesday afternoon, the Reverend Ashley A. Smith, D. D., officiating. Burial was in Norway Pine Grove Cemetery.

County Fair Transportation

Norway and South Paris citizens and others patronize your home transportation service during Oxford County fair. In the past, public buses and vehicles from surrounding cities have swarmed here during county fair to "lap up the cream" as one expressed it. They have taken an unfair advantage and absorbed business rightfully belonging to others. Public cars in the Twin Towns are endeavoring to serve the public twelve months in the year. Battling snow drifts means hard work and financial loss. The income barely pays for gas, oil and repairs. Expenses, worry, and tedious labor are cut to a small percent in summer, then the business shows a fair profit. Is it a fair shake for outsiders to swarm here for three days and rake off dimes when picking is easy, then decamp after the milk is skimmed? Which group spends their money in the Twin Towns? Year round transportation means a lot to Norway and South Paris, and let us keep it by patronizing local business.

Charles W. Hobbs and friend, Minnie M. Byer, returned to Lynn, Mass., Wednesday.

Sue Merrill of Freedom, N. H., was in town last week to attend the funeral of her sister, Mrs. Minnie Hobbs.

Mrs. E. F. Lemon of Waltham, Mass., spent Wednesday and Thursday, the guests of her sister, Mrs. Joseph Crooker.

In the Norway Municipal Court Wednesday forenoon, Anton Niemi of Norway, pleaded not guilty to the charge of driving an automobile while intoxicated. Deputy Sheriff Fred Wheeler of South Paris, the complainant produced witnesses to show that the respondents car stalled in a culvert was the result of too much "kick water." Probable cause was found and Niemi was held in the sum of \$500 for the grand jury. Securities were furnished. W. G. Conary was attorney for the respondent.

Elizabeth Crockett Blake Tent D. of V. will hold a regular meeting Friday evening, Sept. 12. Report will be made of the National Encampment in Boston and several veterans birthdays near this date will be appropriately observed. A good attendance is expected as this is the first meeting after vacation.

Mrs. Laura Proctor has returned to West Bethel for a few weeks. She was called to Norway owing to the illness of her daughter, Mrs. Charles C. Wood.

Services Last Sunday

The most inspiring service that has been held at the Albany Congregational church took place on Sunday, August the thirty-first. Dr. Ashley Day Leavitt of the Harvard Church, Brookline, officiated. Twenty little children were baptized, including Jean Louise Inman, Rex Arthur Allen, Nelson Lewis Allen, Henry Joseph Churchill, Lillian Isabel Churchill, Walter Lee Lapham, Warren Edward Lapham, Myrtle Anna Lapham, Stanley Levi Lapham, Sylvia Caroline Bird, Madeline Dora Bird, Jessie Eugene Hill, Earl Andrews Keniston, Lloyd Parker Keniston, Edwin Ronald Andrews, Arthur Wallace Hazelton, Evelyn Leona Churchill, Dorothy Minnie Churchill, Maurice Churchill, Mabel Florence Churchill. Twenty-nine bibles were presented by Mrs. Ives to members of the Albany S. S. who were seven years of age or over. Dr. Leavitt gave a beautiful talk to the children on the messages of the bible and its meaning in their life, after which the S. S. sang the hymn "Jesus Loves Me."

Miss Martha Wasson, supervisor of music in the Westbrook Schools sang a solo. Her sympathetic lovely voice brought much pleasure and inspiration as did a duet by Miss Wasson and Miss Margaret Strout. Then followed the reception of new members into the church. Dr. Leavitt's service seemed to bring Jesus as a living presence to the congregation. The new members were given the hand of Fellowship by Charles Hackett of the Congregational Missionary Society. The service closed with the celebration of Holy Communion.

Circle Supper

The Ladies Circle had a record attendance of 200 people at its last meeting, August the twenty-eighth. A bountiful supper was served at the vestry of the Congregational church. Round Mt. Grange generously offered the use of their hall for the entertainment which followed. Rev. Mr. Crane of Gorham and Earle Benwick of St. Petersburg, Fla., with vocal music and remarks greatly assisted in making a pleasing program possible. Instrumental music was given by Linwood Flint, Hazel Wardwell and Myrtle Becker. A reading was given by Alucia Bean and Mrs. Bruce, remarks were made by Mrs. Ives. Ice cream was served.

It seemed a coincidence that the Ladies' Circle should have been announced for Thursday evening, August twenty-eighth, as no one at the time had thought it to be the eighty-sixth anniversary of the Ladies' Benevolent Society of Albany which is also called Circle until the secretary was reading old records which began with this preamble: "Believing in the old maxim that union is strength, that affiliated effort has its peculiar advantages, we form ourselves into a society to become helpers in the cause of benevolence." We were glad to say that after eighty-six years our ideas and motives as to being helpers are the same, also thankful that although that little circle which met at the parsonage, Aug. 28, 1838, are gathered in a still larger circle, that through their efforts the pleasant gatherings that we are enjoying this summer are possible. The hostesses of the evening were, Mrs. Iva Lydia Keniston, Mrs. Florence Lapham, Misses Myrtle and Helen Becker, Miss Delia Cummings, Mrs. Annie Hazelton, Mrs. Nona Grover, Mrs. Bessie Andrews, Mrs. Hazel Wardwell, Mrs. Nina Burnham.

The above dates are the ones when the Oxford County fair will be held.

We always look forward to the fair as a time when we may renew old friendship. Strange to say, people call on us year after year, some buy clothing and some do not. However, we want them to call just the same and really insist on their calling.

In regards to buying—probably the ones that bought suits last year will not buy this year, if we can't sell a suit that will go two seasons we don't want to sell them.

Remember that our store will be full of good clothing, we want you to call and we want you to buy if you want to, and if you don't want to buy, we don't want you to. Our prices will be right and QUALITY the best and if you can buy the same quality goods elsewhere at a lower price, we want you to do so. We would ourselves.

MAGALLOWAY FISHING TRIP

Left Norway, Wednesday, Aug. 13th, arrived at camp at 4:35 o'clock in the afternoon, distance by auto, 85 miles, 12 miles by boat, hence 97 miles.

Dinner at Errol, cost for three \$2.20; distance from Errol 17 miles to dam, exceptionally good road.

Had camp No. 7 and 8, Mrs. Twitchell occupied the latter and Walter Smith and I the former. Both camps are near together. All the buildings in the settlement are painted or stained green, this is the color of the fleet—a dozen canoes, two "kickers" and a motor boat. There are twelve camps and, by crowding, forty persons can be accommodated, but 50 to 30 is about the right number.

Several trout were taken at Meadow Brook at the pool in the little Magalloway. One fish only came to the net in the evening. Several were taken but would not bite. I fished until 7:45 and had three offers but did not land one. Three canoes were there. Those at Big Brook did nothing.

Thursday, 14th, beautiful day—just right for fishing, some cloudy with little air stirring. Four canoes at the little Magalloway pool. Several trout taken, two that weighed 4-12 pounds, two others better than 3 pounds and some smaller ones.

I managed to bring in five, but none large enough to talk about. In fact, at the pool, got very small fish and hooked another, but it got away before coming to the net.

There are 13 sports at the camps. Friday, 15th, fished in the forenoon, the old Wheeler Dam, or Little Magalloway Pool and took one small trout. Saw one other taken weighing a little better than a pound. Looked in the pool and saw many trout, perhaps 50, some of them are very large, maybe would weigh better than 5 pounds. They lay close to the bottom and move about slowly, occasionally one would come to the surface and "roll" quickly returning to the bottom. The pool was quiet most of the day. None were caught in the evening.

In the afternoon I visited Big Eddy and caught one salmon and one trout. The salmon weighed two pounds and the trout much less. Two chubs were taken at the wharf and the rest of the day was: 2 trout, salmon and 2 chubs, or as called here, Magalloway or round mouthed salmon.

Fourteen are the camps. There are no flies or mosquitoes, some "no-see-ums" at the wharf at night.

Magalloway is a large-made lake of some 12 miles in length and may be about 2 miles wide at its greatest breadth.

A motor boat owned by John Hevey of Andover and operated by his son, Theodore, makes one round trip from the camps to the dam daily. The fare is two dollars each way. John Hevey is sick and the son takes his place.

A hundred or more crows visited the river today and did a lot of talking as they sailed through the air. Evidently there was a disagreement among them, as finally they separated, part going east and the balance down river.

Saturday, strong South wind, fished at Wheeler Dam. Got 3 trout, one only sizable, 1-12 lbs. maybe. In the p. m. got 3 at the "run-way," south of the Wheeler dam. All fair sized fish. Did not weigh them.

The Wheeler Dam is two miles from camp. We make two trips almost daily, hence Walter paddles eight miles and does not complain. I go to bed each night before it becomes dark under the table. Clouds indicate rain.

Sunday, rainy—some fish and others play croquet. Camp occupants about evenly divided. Several trout were taken, 2-3-4 pounds was the largest brought in. Rain raised the brook a little, but probably not enough to bring the trout out of hiding.

Monday, the 18th, fished six hours. Walter paddled 8 miles as usual. Got one trout and one chub in the a. m. and another trout in the afternoon, total 2 trout.

Six canoes with 12 people and 3 fishing on the bank at the Wheeler Dam pool. total 16. Three good trout were taken. Fish active in pool but were not biting.

Twenty-eight people in the camps, all fierce to fish. Dance this evening in honor of Flint Johnson's birthday. It was to commence at 7:30, but Johnson didn't get in with his party until 8 o'clock and the dance was delayed. After it got going it continued until about midnight.

There are just forty people here—12 belong to the household including guides. A buck comes into the yard about every night and disturbs me by blowing or snoring. He was out tonight when the dance was on. We—that means Mrs. T., Walter and myself, did not go to the dance, but we heard the music and accompanying commotion. I did not get to sleep until the rumpus was over.

Raspberries are plentiful, acres of bushes loaded for the picking. Sidney Bennett discovered blueberries in a logging-works a mile and a half from the river and brought in a large pail of them. Now for blueberry pies.

Tuesday, the 19th, big and meadow brooks visited. Bessed the brook, and Walter had to paddle. With a half-hour strong west wind 50 minutes was taken to make the first brook. Wind too heavy to fish as the channel could not be located, hence 30 minutes more paddling to Meadow Brook.

Leon Bennett and party were here fishing, but got nothing. We were soon joined by two canoes and motor boat from Flint's Camps with a party of six including guides. One trout about 8 inches long was taken by Dr. Bunn. Fortunately I got there first and had the location and got my hands on five small trout during the day. A trout weighing a pound could not be landed as the pool was filled with stubs and brush. I lost three fair sized fish, 3 flies and a leader. Two of them I saw and judged weighed over a pound each. A couple of dollars worth of tackle was lost and no fish to show for it.

We returned to camp in the motor boat and thus escaped a five mile paddle against a head wind.

Wednesday, Aug. 20, camp life gaiety is at its height. Thirty-five guests are here. Nine came on the boat today. Some "doubling-up" has been made and possession taken of Walter Bucknam's camps which are nearby and can be easily reached by boat.

Heavy rain nearly all day which stopped me from fishing. I did venture out for a couple of hours between showers but got nothing. Eight or more rubber clothed men and women ventured out. Three trout are known to have been caught. Heaps of canned music and gay laughter floats through the evening air amid the rain drops that patter on the roof.

Thursday, 21, was at Wheeler Dam pool in the morning. Got nothing. Trout

were rolling, but not biting. Three other camps there. None were successful. Got one small fish coming to camp.

The afternoon worked Big Eddy, and got one fair sized fish and two big chubs. Yesterday evening a 5 1-2 pound trout was taken on a "herrin-feather fly."

The fish was weighed and returned. It was caught by Mr. Wood.

This day closed my fishing trip here. The record shows 24 trout were taken. Probable weight of all, about 8 pounds. This is a guess, but not far amiss. Now for the expenses, which I endeavored to keep low as would be reasonably consistent.

Dinner at Errol, \$2.20; fishing tackle \$1.90; boat fare round trip \$12.00; car storage at the big dam \$6.75; board and canoe \$113.00; guide, \$28.56; gas for round trip, \$5.06, making a total of \$169.47 and divided by 9 days, cost per day (3 people) \$18.83, or per person, \$6.27. If the sum total of expenses were divided by the number of pounds of fish taken, the fish would cost about \$21.18 per pound or \$1.31 per ounce.

It would be much cheaper to buy your fish at the market, but then you'll miss the fun of "going a-fishing."

DURO Water Systems Lead

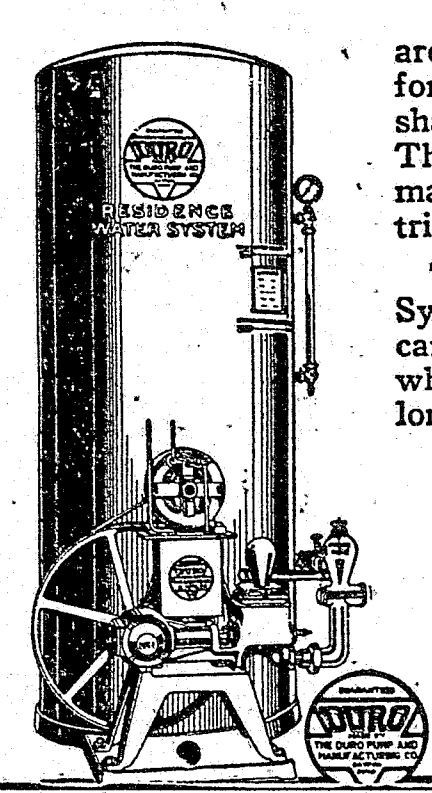

There Must Be a Reason

Naturally, there must be some reason why Duro has grown to be the largest exclusive manufacturer of private water systems in the world.

The reason is that the founders of Duro had faith that the American people would welcome a water system which would give real city water service to suburban and farm homes.

The original idea of a carefully designed and honestly built product sold at a close price has always been strictly adhered to. As a result the organization has grown until there are now nearly 17,000 Duro dealers all over the country.

DURO Water Systems

are made in many sizes and styles—for a bungalow, or country club; for shallow wells, deep wells, or cisterns. They are compact, powerful, and automatic. They are driven either by electric motor or gasoline engine.

There is no mystery about a Duro System—it is simple, practical and carefree. But there are many reasons why a Duro System will give you longer and better service.

Drop in and ask us to demonstrate Duro features to you—we will gladly quote prices also.

THE GARDEN OF HEAVENLY ROSEBUDS

(Written for Gertrude Althea Noyes, whose ninth birthday occurred August 26th, 1924, but who went back to the Garden a short while before.)

There's a heavenly garden of Rosebuds, That the Saviour is tending with care, But always He's sending them earthward.

His rosebuds, pure, tender, and fair, To us years ago came a rosebud, She was loaned by the Saviour, not given, But a short while ago He reclaimed her.

For 'Of such is the Kingdom of Heaven,' On earth she was early named "Lambie," And in Heaven her Angel does sep,

For 'tis written, and so it must be, So let us not mourn for our rosebud, Called back to the Garden above.

Let us say, "Suffer our little Lambie," For Jesus, the Saviour, is love. Written by one who loves her, Aunt Lucy.

EAST OXFORD

The following item was copied from the Gardner News, printed at Gardner, Mass., and may interest some of the friends of the parties mentioned: "Mr. and Mrs. Myron E. Stockwell (Belle Bryant) and family, accompanied by Mrs. Myra Paine of Baldwinville and Miss Delia Downing of Somerville, enjoyed a most delightful auto trip through the Connecticut Valley, Sunday, August 24th. The fields upon fields of tobacco and onions, growing formed a sight worth going to see. The party crossed over the Connecticut River and visited the tobacco and onion farm of Rich Harris. Mr. Harris recently had his tobacco crop injured by a hail storm. The crops are insured against these storms and a hard storm can completely ruin a crop in three minutes. Mrs. Paine, who was 86 years old the 12th of this month, s'ood the trip as well as the younger ones in the party. She manages her cucumber business very successfully and takes a keen interest in all that is going on. She is commonly known to all her Baldwinville friends as 'Aunt Myra' and is a favorite among those younger than herself. This last winter Mrs. Paine pieced and made four bed quilts besides managing her greenhouse and taking care of two boarders.

To do our part in spreading the advantages of washing electrically we are going to demonstrate in as many of the homes of our customers as possible the EASY Electric Washer.

We Guarantee the Easy

This is the same washer that we have been selling and standing back

of for the past three years; it is the one we have selected to give to our customers the best service and the most satisfaction in the long run; it is the one we—as their local merchant—GUARANTEE.

Many of our customers have already made up their minds to own an EASY—but NOT YET.

Either it's an automobile or the fall coal bill or one of the other things that must be done this Fall.

Special Terms

„But the first payment of \$10 puts the EASY in your home. From that day on it will begin to pay for itself.

Every Monday that goes by without an EASY doing your washing you are wasting your time, injuring your health, doing more work and throwing away your money.

See the EASY Electric Vacuum WASHER To-day

Why not begin today to enjoy the advantages that other women are getting with their EASY. Call up our local store today and say, "I am interested in the EASY Electric Washer and would like to have

you show me its advantages by actually doing a washing at my home."

It will gladly be done with no obligations on your part whatever. A telephone will probably get your demonstration among the first.
